

LET'S MAKE PUDSEY BUNTING

- 1 Use colouring pencils or paint to colour in the designs below.
- 2 Carefully cut out the triangles.
- 3 Lay a triangles flat with the shortest side at the top. Place a piece of string across the top edge and fold the top of the triangle over the string. Secure with tape or glue.
- 4 Lay another triangle next to it and repeat step 3. To make your bunting evenly spaced, use a ruler to measure an equal distance between each triangle.
- 5 Repeat step 4 with the other triangles until you have a string of bunting, then hang it up!
